We plan to increase your monthly Supplemental Security Income (SSI) payment from \$794.00 to \$841.00 beginning January 2022. The amount will change because the cost of living increased during the past year. You will continue to get the new amount each month unless there is a change in the information we use to figure your payment.

The rest of this letter explains more about your SSI payments. It also tells you how to find affordable health care.

We explain how we figured the monthly payment amount on the worksheet at the end of this letter. The explanation shows how your income, other than any SSI payments, affects your SSI payment. We include explanations only for months where payment amounts change.

When You Will Receive Your Payments

Your bank or other financial institution will receive your monthly payment of \$756.90 around January 1, 2022, and on the first of each month after that.

Information About Your SSI Payments

- As we told you before, we are withholding part of your payment to get back money you were overpaid. Starting January 2022, we will raise the amount withheld from your payment from \$79.40 to \$84.10. Therefore, you will receive a payment for \$756.90 instead of \$841.00. After January 2022 there will be \$3,728.98 left on your overpayment.
